		Year 5 trip to Hampton Court	LAMDA workshop for Years 5-8	3D crystal glass portrait photography U12 11 aside v Lyndhurst at Woodfield Park

Dear All,

It's early on Thursday morning and we're happy to have our Year 3 and 4 classes back safely in 'the fold' as of yesterday afternoon. You'll have to be a little patient to wait for an article about their trip, but have included just one or two pictures from their residential to Licolnsfields 'The Forties Experience' in Bushey as a taster of things to come. I visited them on Tuesday afternoon and was greeted by excited and happy children. I think this will become a firm favourite in Year 3 and 4 calendar in the future and we are already looking towards the next academic year's trip. Thank you so much to Miss Gordon, Mrs Patel and Mr Congdon for their '24/7' care of the pupils and all that they did to ensure that a good time was had by everyone.

More too next week on the Year 7 trip with Mr Roberts to Highgate School for the Science Lectures taking part today.

On Thursday morning, the Year 5-8 will enjoy the LAMDA workshop experience that the Year 3 and 4 had last week. LAMDA is nationally accredited and runs in a similar fashion to peripatetic music, with small

groups of pupils during the school day. For more details, do contact jo@roughmagicke.co.uk.

You will have already received preliminary information from Mr Roberts via parent mail about the 3D Crystal photography next Friday. With different festivals recently past and fast approaching, these make great gifts for grannies like me! There's no obligation at all to buy, but I think you'll be impressed with the results once the crystals are returned to school.

House Point Totals
Week ending Friday 11th
November 2011

1st place **Constable** 383 points

2nd place **Shakespeare** 349 points

3rd place **Newton** 323 points

4th place **Britten** 293 points

Congratulations to Gabriel's team!
Who will score the most points
next week.

Recorder Assembly

Thank you to Miss Danielle, Ayane and Shiori for playing in assembly this week. It was a pleasure to listen to the girls and see how much progress they had made. If you are interested in your child learning the recorder then please speak to Miss A as Miss Danielle is one of our very experienced instrumental teachers and she has a few slots left for recorder lessons.

Academic Achievement Awards

Vera Malkova for fantastic story writing

Ko Hatakeyama for excellent word problem work in Maths

Philip Kuehnrich for an overall improvement in written tasks and a concerted effort in all subjects

Jack Battrum for trying to speak French with confidence on the trip to Normandy

Lost and Found

Please can everyone in the Junior School check raincoats. Louis Yeager in 1W has lost his named raincoat. We think it went missing last Tuesday and it hasn't reappeared. Please check at home and let Miss Wood know if you find it.

Thank you

Prospective Hendon Prep residential visit to ROME Jan/Feb 2012 **FINAL UPDATE**

This is just a quick note to inform parents that, with regret, we are not going to be able to proceed with the proposed school visit to Rome next year. I have had an insufficient response.

Introducing the 2012 Hendon residential trip to France **September 2012**

However, parents should be aware that I am in the advanced stages of planning a residential trip to a superb HISTORY theme park in Northern France called Puy Du Fou. A link to its exciting website is HERE;

<http://www.puydufou.com/en>

This excursion will proceed in the latter half of September 2012 and be available to Years 5, 6, 7, 8. Our intention is to stay in a provincial Hotel nearby and have 2 full days in the park. I will advise when I have firm pricing and an itinerary.

Mr Roberts

Year 3 and 4 trip to Bushey

I didn't build this!
